A SOLILOQUY.

American Girls—French Vices and Virtues—Male Fashions.

In America, a girl may form a friendly intimacy with any young man she fancies, and though she may not be free from little jests and good-humored joking, there is no injury to her from such intimacy. It is her acknowledged right to enjoy herself after that fashion, and to have what she calls a good time with young men. A dozen such intimacies do not stand in her way when there comes some real adorer who means to marry her, and is able to do so. She rides with these friends, walks with them, and corresponds with them. She goes out to balls and picnics with them, and afterwards lets herself in with a latch-key, while her papa and mamma are abed asleep, with perfect security. If there be much to be said against the practice, there is something also to be said for it. Girls on the continent of Europe, on the other hand, do not dream of making friendship with any man. A cousin with them is as much out of the question as the most perfect stranger.—In very strict families, a girl is but seldom allowed to go out with her brother. And I have heard of mothers who thought it indiscreet that a father should be seen alone with his daughter at a theatre. All friendships between the sexes must, under such a social code, be looked forward to as post-nuptial joys. Here in England there is a something betwixt the two. The intercourse between young men and girls is free enough to enable the latter to feel how pleasant it is to be able to forget for a while conventional restraints, and to acknowledge how joyous a thing it is to indulge social intercourse in which the ample delight of equal mind meeting equal mind in equal talk, is just enhanced by the unconscious remembrance that boys and girls, when they meet, may learn to love.—There is nothing more sweet in youth than this—nothing more natural, nothing more fitting—nothing, indeed, more essentially necessary for God's purposes with his creatures. Nevertheless, here with us, that is the restriction, and it is seldom that a girl can allow herself the free flow of friendship with a man who is not old enough to be her father, unless he is her lover as well as her friend.—*Anthony Trollope.*

MAKING IT PLAIN.—The preacher at the African church at Frankfort was recently telling his congregation about Moses crossing the Red sea, and to make his description quite plain illustrated it as follows:

"'Spose you is de chillen ob Israel, and I'se Moses, Jarsey is the wilderness and Bridesburg is de Promised Land. Well, I brings you down to de ribber and waves my hand up towards Tacony, and de waters roll backward towards Philadelphy, and we all goes over without gittin wet. When de last pickaninny gits over I waves my hand towards Tacony—and dey was fishin' for shad dere de next mornin'!"

Admiral Prince Menschikoff, who died a short time since at St. Petersburg, was conversing one day with Prince O——, when the latter said:

"There is no God."

The Admiral retorted: "You utter a blasphemy."

"Very well," rejoined the Prince; "but what if the Emperor should repeat to you the very same thing?"

"That would alter the case," replied Menschikoff; "his Majesty knows more about it than I do."

Assets $10,462,531,75.

Amount of Income 6,227,071.

SURPLUS OVER LIABILITIES 2,675,999,48.

THE Ætna is the LEADING LIFE INSURANCE COMPANY in North Carolina.

Largest amount of Losses to Widows and Orphans!

The Largest Revenue to the States. And has by far the largest number when compared with 58 Companies reported officially by the Commissioners of New York and Massachusetts it will be seen that the Ætna ranks as one of the first Companies of the Continent. But two of the fifty-eight Companies permitted to do business in New York and Massachusetts had so large an income for the year 1868; but two had so large a number of Policies in force, but one among all those incorporated under the laws of the State of New York had so small a per centage of Expense to Income during the year 1868.

Its expenses are lower than most Companies', and consequently its ability to make and pay liberal dividends to the insured is greater than that of most other Companies. It is one of the great Companies of the land in Income, in Assets, in Number of Policies, in Amount Insured, in Solidity and Strength, in Soundness, Cheapness, Promptness, and Success. Persons contemplating this mode of investment in the future as in the past would do well to examine the claims of all and take a policy accordingly.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

TUESDAY, AUGUST 17, 1869.

UNITED STATES COURT AT MORGANTON.

We made a visit last Tuesday to this mountain town, and for three days enjoyed the pure air, good water and boundless hospitality for which that country is so noted.

In the better days of the Republic, Morganton was a place of great resort for families from the lower country, a few families still come here to spend the summer.

The United States Circuit Court was in session—Judge Brooks presiding. Judge Brooks is not so able-bodied as Starbuck or Judge Cloud; but he serves the party better. By an improper and contemptible decision, he secured to the *Standard*, more than 50,000 dollars for advertising in cases of Bankruptcy. The members of the Bar in attendance were Hon. B. F. Gaither, Hon. Burton Craig, Judge Merrimon, Governor Vance, Hon. Nathaniel Boyden, S. McD. Date, T. R. Caldwell, Lieutenant Governor, Maj. Malone, Col. Bynum and Walter Caldwell.

There were fifty-seven cases on the Docket, mostly indictments for violations of the Revenue laws; many more were added to the number as the Grand Jury proceeded in their work of presentments and finding true bills against those who disregarded the Revenue laws. Abbey Smith, was indicted for stilling without a license; he came into Court and stated he was not able to employ counsel; he had made four small runs and would submit. The Judge assigned Col. Bynum and Major Malone as his counsel

Dr. J. B. Weaver, who is said to have been one of Kirks men, was the only witness. He testified that Smith had acknowledged to him that he had stilled without a license. A few searching questions were put to the carpet-bag Doctor—on his cross examination. He was asked, how much are you to receive for convicting the defendant? He declined to answer, and looked pitifully at the Judge, as much as to say, your Honor belongs to the League and so do I. The Judge decided the question was proper and must be answered. The witness spit, changed from one foot to the other, broke into a profuse perspiration, and said he was to get three hundred dollars, which was to be divided between himself and another detective. Have you employed council to prosecute the defendant? Was the next question. This made the Doctor spit cotton and shift his feet, again perspiration, broke out afresh, and he declined to answer, looking sorrowfully at the Judge for relief.

The Judge said he must answer. The Doctor said he had employed counsel to prosecute.

The counsel for the Defendant assailed the witness and said that he was not to be believed. The Jury in their verdict said they would not believe him, and Smith was acquitted, and a carpet-bagger thus discredited, exposed, and disgraced.

Judge Brooks, the day after Smith was acquitted, took occasion to say from the Bench, that if the law was not executed the United States would send troops here to have it done.

Mr. Starbuck, the District Attorney, in addressing the jury said that if Smith had been convicted he would not have prayed the sentence of the Court upon him; but he might have paid the cost and have gone without punishment. Starbuck intimated that those who attempted a defence should have the benefit of the law.

For this Col. Bynum gave him a severe castigation, with which everybody was pleased except the Judge, the Doctor, witness and the detectives.

Dave Settlemire was convicted and sentenced to six months imprisonment and to pay a fine of one thousand dollars. Dave gave leg bail and made his escape from the Marshall. Carrow, the Marshall, did not appear much distressed by the escape.

Elsewhere we make some allusion to the crops, peaches, and politics of the mountains.

DON'T ACCEPT.—The Rutherford *Star* is down pretty heavy on the Governor. It says His Excellency is turning Democrat again, and seems to be anxious to hand him over to the Democrats, *solens volens*. Now, we are sure the Democrats don't want the Governor—they will not accept the gift, "by no manner of means;" they had him once—yes, a long time—and he was very troublesome. He mislead them terribly (like he is doing the Rads and negroes now;) he preached secession to them and after he had got them into it, deserted them, and set about trying to malign and punish them in every way he could. He was such an unreliable wire-worker that he gave the Democrats a vast deal of trouble, so much so, that they would not have him again on any condition. Keep him or kick him out, Mr. *Star*—turn him over to his "vomit" or wallow him in the "mire" as much as you please, but don't try to palm him off on the Democracy.

Grant's friends give him too many presents in large coin. In place of dollars he needs sense.—*Chicago Times.*

POLITICS IN THE WEST.

The elections of Virginia, Tennessee, Alabama and Montana, are sure indications that Radical rule is fast coming to an end in these localities. The recent township elections throughout this State give signs of Radical decay in all portions of the State.

In our visit to Morganton and the West, last week, we found the people more excited upon the subject of politics than they were last summer, when the Constitution, and the men to hold office under it, were to be voted for. The enormous tax and stupendous frauds were the moving causes of excitement among the people. A gentleman from McDowell stated that his land, upon which he paid $3 tax last year, was now taxed $85. There is nothing that moves the American people so quickly as taxation. Canby, Sickles, Holden and the league, put a Constitution upon the people of North Carolina before one in twenty had read it, and before the people had time to read, discuss and digest it. Now that the tax gatherers are upon them, they begin to repent of their lethargy, and the docility with which they took Radical suggestions upon questions of vital importance.

On Tuesday last Governor Vance and the Editor of the SENTINEL, spoke in Morganton to a large and appreciative audience.

The Governor spoke of the corruption and demoralization of the times, the unnecessary debt created by irresponsible representatives, to build Railroads, for which the people paid one dollar and received only thirty cents of work. He dwelt upon the burdensome tax, imposed upon an impoverished people who were struggling to keep body and soul together and were hardly able to do so.

No portion of the State can produce more sincere admirers of Governor Vance than Burk county. We heard a mountaineer, last summer, tell the Governor he had walked twenty-five miles to hear him speak. We heard a Burk man say, he had but two causes of complaint against Vance, one was saving Holden from the Georgia Regiment, and the other was giving Todd R. Caldwell a position by which he kept out of the army. How Holden requited the kindly services rendered by Governor Vance is a matter of history. How Caldwell requited his kindness is not so generally known. Caldwell desired to have him hung and wished to attend the hanging.

We talked to the people about agriculture, growing fruit and raising tobacco. We told them their lands were as well adapted to growing fine tobacco as the lands of Granville, Caswell or Rockingham, and that they were doomed to poverty, like the people of Orange, so long as they confined themselves to grain crops alone. We told them what we had seen in the East, in the way of truck farms, fruit growing, and the like.

An old man, who had lived fifty-five years on South Mountain, said he had not known the peach crop on the mountain to fail in all that time, nor had they failed this year, for we saw peaches in abundance.

We told them of the man at Goldsboro', who made $600 to the acre in strawberries, and of one who sold strawberries at $2,50 per quart. Some looked as if they did not believe the statement. We urged them to send down their peaches, but they replied that the Railroad would take all for freight.

We talked about General Littlefield and the Penitentiary swindle; about the attempt to swindle the State out of its Swamp Lands; about the carpet baggers and the cursed Leagues; about the Judiciary and the rule upon the bar; about the Code, the new Constitution and the men who hold office under it.

The recent Township elections gave proof that the days of Radicalism are numbered in the mountains.

CATAWBA SPRINGS.

There is no better place to "drive dull care away" than the "Sparkling Catawba Springs." Col. Wyatt, the proprietor, has spared neither money nor labor in making his houses comfortable and his grounds attractive. We have never known a proprietor more intent upon making his guests comfortable and happy. Nature seems to have done her best upon the water, which is unsurpassed; and upon the climate which is pure, cool, and bracing. We went only to see the Springs and make a short stay. We stayed twice as long as we intended, and left before we had staid half as long as we wished.

Catawba could not vie with Long Branch and Saratoga in opulence, diamonds and costliness of attire, but in elegance and beauty of form and cultivation of mind we will match the visitors of Catawba against Long Branch or Saratoga, or both.

Wilmington was well represented.—Among the guests from Wilmington were Col. Cowan and family, Mrs. Edward D. Hall and children, Mrs. Fremont and children; Mrs. Englehard and children, Miss Walker and Miss Anderson. From Edgecombe was Dr. Pitman and lady. From Charlotte was Mr. Sanders and lady. From Onslow, Col. Whitfield, and from Raleigh, Wm. Grimes, Esq., and family.

Among the invalids we found Hon. Robert McLean and Judge Ruffin, Jr., of Greensboro'. We were glad to find that both of these gentlemen had been improved by their visit.

Catawba is the place for health as well as pleasure, and its proprietor well merits the patronage bestowed.

Colonel Bowen and Sheriff Murphy, with the army trying to catch Hildebrand, the outlaw, were fired upon by a party guerillas near Irondale, and Colonel Bowen was slightly wounded. Hildebrand was seen in the country last week, accompanied by three men, all armed to the teeth. The outlaw entered the house of a distiller a few days ago and demanded food. He said: "don't you know me? I am Hildebrand, the great shooter." He left the frightened distiller without doing any "cutting up."

Two skeletons were recently discovered by laborers who were digging a drain near Glen's Falls, N. Y. The remains are supposed to be those of soldiers killed during the French war. The skulls still bore the marks of tomahawks.

For the Sentinel.

MORGANTON, August 12, 1869.

MR. EDITOR: I send you a little slip taken from the "Standard" during the war. I was only a lad of seventeen, and enlisted under the stirring bugle notes of Governor Holden. How many subscribers has the "Standard" at the offices mentioned in this extract from the "S and r."? Please inform me. One more Federal Court will end the Radical party in the mountains. Republican laws, with unjust laws in regard to stilling, and thievish men of the Republican party as spies and witnesses, receiving 200 dollars for every man they convict, will soon put an end to distilling as well as to the party. Boyden, Joseph Holden and Todd R. Caldwell should be made to pay the cost which the owners of small orchards are now made to pay for distilling fruit. These three Republican speakers, for party purposes and to carry the election, stated that the law had been repealed. Under their influence and word, poor men stilled their fruit,—many of them making less than twenty gallons,—and they will now be sold out of house and home.

The township elections show the indignation of the people against Radical rule and Radical rule. Yours truly,

B.

"OUR CIRCULATION.—We are under great obligations to our numerous friends who have interested themselves in the circulation of the "Standard." Our list is about twice as large as it has ever been. Many of our friends deserve honorable mention in this regard, but we abstain from any public compliment, because we know they do not wish it. Taylorsville, in Alexander County, is entitled to be called the banner office—our weekly circulation there being the largest in the State. Mt. Airy, Surry County, is the next. New Hill, Wake County, stands third; New Market, in Randolph, next; and Statesville, Durham, Chapel Hill, Hillsboro,' Greensboro,' Morganton, Pittsboro', Mocksville, Oxford, Colerain, Windsor, Bloomington, and many other places have handsome lists.

It is important, however, to the interests of the State, and to the promotion of conservative principles, and the rights and liberties of the people, that its circulation be extended. We hope our friends will not be "weary in well doing." We are in for the war against Lincoln and the Yankees—against partyism, monarchists, oligarchists, and every phase of opinion which opposes, or which tends to render inefficient or uproots the Confederate Government. We are against centralism—placing too much power in the hands of the President.—We shall continue to contend for the rights of the States and the rights of the people. In other words, we are for the Constitution as it is, and for keeping the military power subordinate to the civil."

THE PURCHASE OF CUBA—IMPORTANT NEGOTIATIONS WITH THE SPANISH REGENT.

From the Philadelphia Ledger, 13.

It has now transpired that a private gentleman an intimate friend of Captain General Prim, left New York from Madrid two days before General Sickles, and reached Madrid a week before the latter. On his arrival he laid the whole of General Sickles' instructions before the Captain General and Marshal Serrano, to ascertain the feelings before a formal presentation by the Minister, and reported to the administration in this country that the propositions advanced had been very favorably received.—The most important proposition contained in those instructions was one suggesting, in a friendly manner, to Spain that they agree to the appointment of a mixed commission, composed of Spaniards and Cubans, or a Spaniard and a Cuban, who shall meet in the City of Washington, and fix upon a price at which the island shall be sold to the Cubans. It is said, also, that the name of President Grant is mentioned to be appointed president of the commission, but I cannot vouch for the correctness of that.—The island of Cuba, by an agreement of this kind, would be paid for from its own revenues, and the statement that the United States offers in any way to guarantee the bonds, there is the best authority for stating is unqualifiedly false. The Cubans claim that the custom collections will pay any reasonable sum in a very short time, and they ask no foreign aid to make the payment. Marshal Serrano, Regent of Spain, and Captain General Prim, are now considering the matter. In the Cabinet, at the White House yesterday, the subject was broached and discussed, but no definite result was reached. We shall hear from Madrid in a few days. Meantime, those who seem to know most, and who ought, entertain no fear that the propositions will be agreed to by Spain. If they are not, then all agree that the next action of our administration will be to show a considerably relaxed disposition towards Cuba, which will amount to a virtual recognition of her independence. A representative of the Cuban Junta now here, is in unusually good spirits, and professes to know that the independence of Cuba will be an accomplished fact before the end of the year.

THE REPUBLICAN SPLIT IN MISSISSIPPI.

Special dispatch to the N. Y. World.

WASHINGTON, August 12.—G. Gordon Adams, United States Attorney for the Southern District of Mississippi, and one of the most prominent supporters of Judge Dent, to-day forwarded to the President the following letter resigning his position:

WASHINGTON, D. C., August 10, 1869.

To his Excellency U. S. Grant, President of the United States:

SIR: I respectfully tender my resignation of the office of Attorney of the United States for the Southern District of Mississippi.—Though the office is not one of much importance, I cannot retain it without being identified to some extent, with an administration whose acts, so far as they relate to my own State, I cannot approve. Major Wofford, an officer of the late rebel army, who, in defiance of the customary and reproach heaped upon him by the Southern people, supported bravely and almost alone in his district the reconstruction policy of Congress, has been removed from office.—From the late approved published statement of your views I am justified in the belief that this done in accordance with the established policy of your administration.—From the same sources I learn your confidence in and support of General Ames, an officer who has degraded his position as military commander of the Fourth Military District, by exercising its functions solely in furtherance of his own personal and partisan ends, unhesitatingly avowing that he desired to use the high office of Senator from my State as a stepping stone to the appointment of Brigadier General in the regular army, and whose whole course in that State has been marked by a tyrannical exercise of power utterly antagonistic to the spirit of the reconstruction laws. As a resident of Mississippi, and one of the founders of the Republican party in that State, though never a political aspirant, I would be false to my State and to the Republican principles which I have always maintained, if I longer retain the office to which your kind preference has assigned me.

I am, very respectfully, your obd't. serv't,

G. GORDON ADAMS.

STATE NEWS.

WIL., CHAR. & RUTHERFORD RAILROAD.—The Carolina *Times* learns that the new administration of this corporation will not put the bonds appropriated by the State for its benefit in the market at the present prices, but will raise money to carry on the work by the hypothecation of the bonds.

Engineering *corps* of the Plaister Banks and Saltworks Railroad reached Mt. Airy last week. The route surveyed is by the way of Ararat and Hamburg Mills.

The Conservatives carried ten out of seventeen Townships in Wilkes county.

DEPREDATIONS IN SALISBURY.—The *Examiner* mentions a number of attempts at robbery in one night last week. The first was on the kitchen of Dr. Summerville, whence the robber was driven by the cook. Two attempts were next made on the kitchen of Mr. J. H. Enniss, but the rogue was foiled each time. Next the house of Mr. Young was entered and the family considerably frightened. The would-be robber in each case was a negro.

SCHOOL ENTERPRISE.—Messrs. J. B. Morris and Madison Lynch, as we learn from the Rutherford "Star," are erecting a large building on Broad River, to be used as a High School and Missionary Church.

AN ARTESIAN WELL Is being sunk at the Rock Island Woolen Mills. It has reached the depth of near 100 feet, and already affords an average of 10,000 gallons of water per day.

When we consider that the operatives struck what is known as the Trapp rock at a distance of fifteen feet from the surface and have been boring through it ever since, some idea may be formed of the labor and expense attending the sinking of this well. The energy displayed by the enterprising owners of these Mills, is worthy of the warmest praise and commendation of our citizens, and the entire South.

The water is excellent for drinking and is used by the operatives of the Mill.—*Char. Observer.*

CRUELTY TO A NEGRO BOY BY AN ARMY OFFICER.

From the St. Louis Democrat, August 9.

Yesterday morning Benjamin Woodruff, a mulatto boy nineteen years old, appeared at the Court of Criminal Correction, and made the following statement: He was cabin boy on the steamer Columbia, which boat arrived here yesterday. She had on board thirty soldiers of the regular army, under command of Lieutenant Voce, on their way from Leavenworth to Louisville. On the trip down the Missouri River, Lieut. Voce missed two of his shirts, which some one had stolen. Woodruff was either supposed to be the thief or to know who had stolen the shirts. He refused to tell where the shirts were, and the officer as the boy alleges, ordered the soldiers to tie him up by the thumbs and force him to divulge. A tarred cord was procured, the boy's thumbs were tied, and he was strung up like a slaughtered pig, with the tips of his toes barely touching the deck. He suffered great agony, but did not tell where the shirts were, because, he says, he did not know. When he was released from this cruel torture, one of his thumbs was so badly injured that he suffered much pain and had no use of the hand. Such is his statement. The officers of the boat had nothing to do with the affair, and of course were powerless to prevent the outrage, which was committed by armed soldiers.—A warrant was issued for the arrest of Lieut. Voce, and the charge against him will be investigated, if he is caught. The affair occurred on the river near Washington.

"Friend Doty—Your last improvement of your Washing Machine is a complete success. I assure you 'our machine,' after a year's use, is thought more of to-day than ever, and would not be parted with under any circumstances."—*Solon Robinson.*

"Your Washing Machine has been in daily use in our laundry and the housekeeper expresses herself as highly pleased with it. It certainly accomplishes a greater amount of work, with less labor, and does not wear the clothes near so much as the old fashioned wash-board. By using it one laundress is dispensed with."—*Wm. M. THE SENTINEL.

LOCAL DEPARTMENT.

TUESDAY, AUGUST 17, 1869.

☞ THEO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

THE weather at Raleigh, N. C., as indicated by the Thermometer at the office of the North Carolina Land Company, Tucker Hall, Monday, August 16th:

9 A. M., 83. 3 P. M., 88.
12 M., 90.

NEW ADVERTISEMENTS.—Real and Personal Estate Agency advertise their Grand Drawing to take place on the 28th instant Read the advertisement.

W. H. Jones & Co., have on hand delicious cheese, manufactured at Elk Mountain, Buncombe county, N. C. Call and examine it.

BITTER ENDERS.—This is a new phase, but means the same as "extremists," in Virginia—the President, it seems, endorses the "bitter-enders" in Mississippi. What says the "Standard" on the subject?

OFF FOR THE HILL.—Three young men of Wake passed through this city, yesterday morning on their way to Chapel Hill.

WHAT A TALE!—Some astronomer say the tail of the new comet that is to visit us this Fall, is long enough to reach several times around our earth. That is either a big tale, or a long tail.

SLEEVE BUTTONS LOST.—On Saturday night last, between the Post office and Williamson's corner. The finder will be suitably rewarded on leaving them at the *Sentinel* office.

FIRST OUT.—The first boll of open cotton we have seen or heard of in this county, for this season, was sent us to-day by B. P. Williamson, Grocer and Commission Merchant, No. 4, Exchange Place. It was grown on the farm of T. B. Bridgers, Esq.

LAWS AND JOURNALS.—A friend writing from one of the Western counties, says: "The Governor is great on enforcing the laws, as proclamatory effusions attest.—Ought he not to stir up his immediate neighbor, the Secretary of State to publish the Laws of the last Legislature, as his duty enjoins that it be fully done in thirty days?"

We do not think the Governor would undertake to "stir up" any of the nest, just now, no matter how derelict in duty they may be, provided they remain true and faithful to His Excellency. There are too many "stirred up" for the Governor's quiet already.

We say to the people, that we shall not permit a Democrat from the North to come here and take control of our republicans, and read us out of the party, to whose principles we have been true, first, last, and every time.—*Newbern Times.*

The *Times* seems to hint that somebody, claiming to be a mighty good Republican in North Carolina, has been something else somewhere else, and is a turn court. Who is he shooting at?

THE "Standard" says it took ground for universal amnesty two years ago. We deny that it did any such thing, and ask for the proof.

A DELICATE SUBJECT.—We are told, and have reason to believe the report to be true, that Raleigh is, at this time, cursed with an undue portion of that unfortunate class of fallen humanity, known as *nymphs du pave.* It is a notorious fact that there are a number of houses occupied by this class in various parts of the City, some in respectable neighborhoods, the owners of which certainly do not know the use which the renters are making of them. But this is a delicate subject to write about, and we allude to it to call the attention of the City authorities to the matter; because the non-suppression of these pests is becoming a subject of frequent remark. The City ordinances are sufficiently stringent for their suppression if carried out; and a vigilant police could soon gather sufficient evidence to establish their character.

QUERIES—AGAIN.

Does the liberal "Republican" *Standard* endorse the policy of imposing the test oath on the members elect of the Virginia Legislature?

Will the liberal "Republican" *Standard,* that exulted so over the "Republican" triumph of Walker in Virginia, and Senter in Tennessee, favor the election of Dent in Mississippi, if nominated on the same platform?

An answer respectfully solicited.

SMALL POTATOES.—The "Standard" has a most felicitous way of its own in manufacturing and imbibing self consolation.—We cannot but admire the *sang froid* with which it speaks of those of its own party, who are becoming disgusted with its false hoods and the trickery of its head, and the turning away from it as from a thing of offence.

The "Times," says the Standard, "never was a Republican paper," although recognized by it as such, up to a few days ago.

Col. Harris and Judge Logan are, in the present estimation of the "Standard," very "small potatoes." It intimates that there are several other potatoes in the hill, of the same size, that have not been fully dug out yet. Whether General Dockery and parson Sinclair shall prove large or small esculents, depends upon the fact of their agreeing or disagreeing with the Governor.—Their size will be determined by the "Standard" as soon as reliable intelligence shall be obtained on this subject.

"When the Governor shall be rid of such men," says the "Standard," "he will be stronger than ever." May-be so. Such elements of strength are likely to accumulate on the Governor, and we should not be surprised they eventuate in making him as strong as a pole-cat; a point of strength which, it seems, a good many of his friends think he has already attained.

PREMIUM LIST.—We surrender a large part of our space, to-day, to the Premium List of the State Agricultural Society. To-morrow we will give the Rules and Regulations adopted by the Executive Committee, for the government of the Fair.

PLEASURE AHEAD.—The Hook and Ladder Company had a large and spirited meeting at the Court House last night.—The question of an excursion to the seaside was discussed and preliminary steps taken to effect the necessary arrangements. The Hook and Ladder, the Bucket, and the Engine Company No. 2, are engaged in the movement.

Further particulars hereafter.

TELEGRAPHIC.

Monday Evening Dispatches.

WASHINGTON.

WASHINGTON, Aug. 16.—A letter from Judge Dent to President Grant is published, wherein Dent protests against Grant's support of the bitter-enders, claiming that the Government foiled the bitter-enders in getting possession of Mississippi under the defeated Constitution, but now supports them. Dent expresses the opinion that, notwithstanding the Cabinet's support the bitter-enders will be defeated in Mississippi.

Supervisor Perry, of North and South Carolina, is here. He reports the seizure of 40,000 boxes of tobacco within his district and much machinery.

It may be confidently stated that the assertions regarding Hoar's opinion, the Cabinet's instructions and Canby's intentions regarding the exaction of the test-oath from the Virginia legislators, are mere speculations. Nothing is definitely determined.

FROM NEW YORK.

NEW YORK, Aug. 16.—Federal Building in Chamber street is crowded with people anxious to witness the proceedings in the Pratt case.—United States troops well supplied with ball cartridges and rations, are still guarding Marshal Barlow. Pratt will be produced before the United States Commissioner at 2 o'clock. It is rumored that a requisition for the prisoner, has been received from Gen. Reynolds.

[LATER.]

The proceedings in the case of the government against J. H. Pratt, came to a stand this afternoon by the discharge of Pratt by U. S. Commissioner Osborne.

The announcement of the decision was received with cheers by an excited crowd of 2,000 persons. Geo. W. Butler, President of the First National Bank of Memphis, was arrested here, to-day, charged with embezzlement of $60,000 of the Tennessee School funds. Butler is in jail.

In discharging Pratt Commissioner Osborne said that himself and Attorney General, had pursued the course they had, because they deemed it right to maintain the authority of the United States, t'was simply and purely because there were no facts sufficient to hold the prisoner, that he should order his discharge.

Pratt left the Court with a friend and the soldiers returned to Fort Schuyler.

NATURE'S POEM.

BY MRS. H. A. MANVILLE

A wonderful marvelous poem,
Of birds and the murmuring brook,
The finger of Nature, to-day,
Has penned in her beautiful book.
The breezes swept down from the mountain,
And rustled its leaves into song;
And each hour was a verse, or the poem
As the beautiful day was so long.

Oh, rare are the thought's acts it Loves,
The exquisite book doth enfold,
Which is clasped with the sunshine o heaven,
And bound in the skies' blue and gold!
The cover is daintily studded
With stars, which the night time has brought
From the courts of the angels to scatter
Their rays on this jewel of thought.

In rapture I read from its pages,
Far out in the depths of the night,
And think of the poem unwritten,
Which the pen of the morrow shall write;
Then to sleep, and, in blissful awaking,
To meet the glad kiss of the sun,
And read from the beautiful pages,
The song which the day has begun!

SPARKLING CATAWBA SPRINGS,

CATAWBA COUNTY, N. C.

THIS CELEBRATED WATERING PLACE, formerly called the North Carolina White Sulphur Springs, will be open for visitors on Tuesday, the first day of June next.

Being situated in the northwestern part of the State, in a country remarkable for its beauty and healthfulness—these, together with the virtue of the waters, make it one of the most desirable watering places to be found.

The MINERAL WATERS of these Springs are the White and Blue Sulphur and Chalybeate or Iron, and they possess all the finest qualities of these waters, and are sovereign remedies for all diseases of the liver, bowels, stomach and kidneys, eruptions of the skin, scrofula, weakness, debility, dyspepsia, rheumatism, &c.

The proprietor having spent a large amount in additional buildings and improvements generally, these Springs are now in a first-rate order, rooms large and pleasant, and good cottages containing from two to six rooms each, well arranged for either large or small families.

Good TEN PIN ALLEYS, BILLIARD TABLES and other amusements.

FINE BATH HOUSES, for Pool, Plunge or Shower Bath, Sulphur Bath, Hot or Cold.

A GOOD BAND OF MUSIC

Will be at the Springs the entire season, and a good Physician permanently located for the benefit of invalids, who will have every attention.

Having secured the services of Mr. J. N. CARTER, of Virginia, who has had much experience and stands high as a Hotel keeper, visitors may rest assured that my table will be supplied with the best the market can afford, and everything done that will add to their pleasure and comfort.

The cars on the Western North Carolina Rail Road will leave Salisbury for Hickory Station, the Springs' depot, every morning, (Sundays excepted,) in connection with the North Carolina Railroad, avoiding stoppage or delay at Salisbury, and arrive at Hickory Station in time for breakfast, where good hacks will be in readiness to take passengers over a beautiful, well-shaded road to the Springs—a distance of six miles.

As an inducement for families and parties to spend two months or more, I have concluded to put board down at the following low rates:

BOARD:

For one single month,	$50 00
For two or more months, $40 per month, or at that rate.	
Per week,	16 00
Per day,	2 50

The Age of Progress.

We publish to-day, the first scheme in the sale of Real and Personal Estate of a Company chartered by the last Legislature, with a capital of one hundred and thirty thousand dollars, and with power to increase that amount to five hundred thousand dollars. An examination of the charter satisfies us that the Company is pursuing a legitimate business; they are empowered to "dispose of Real and Personal Estate *in any mode or form* they may deem best," and "all laws, or clauses of laws, coming in conflict with said charter are hereby repealed." This is plain and unmistakable English and we have no doubt the transactions of the Company will prove beneficial to the property holders of North Carolina. For example: Mr. A. owns a piece of real estate which he wishes to dispose of. He throws it upon the market, and fails to get a bid that would warrant him in making a deed. He then places it in the hands of the North Carolina Real and Personal Estate Agency, at a fair valuation, and the property is sold by chance—the truest gets his price—the Company a fair and reasonable compensation for selling—and some poor man, for two dollars comes in possession of a homestead, which, under any other circumstances, he would not have owned.

In fact, we do not view the Company as a lottery—it is what it purports to be, a simple Agency for the sale of property, for its true value, which, otherwise would be sacrificed.

We refer our readers to the advertisement—the splendid real estate offered, and the other rich prizes, amounting in all to THREE THOUSAND AND ONE—and the reader will perceive, by the simple rule of division, that there is one prize to every twenty-four tickets.

The General Agent of the Company has given us a call, and assures us, that the success of the Company is no longer a problem. In thirty-five counties through which he has just traveled, he represents the people as being enthusiastic in favor of it—both as to investing, and the placing of property in the hands of the Company for sale. He represents teat already, before the first grand drawing has taken place, applications to sell, amounting to half a million dollars, are on file in the secretary's office.

We learn from the Raleigh papers, that the exhibitory drawing which took place in the city of Raleigh, on Saturday last, passed off to the decided satisfaction of a large audience assembled in Tucker Hall to witness it.—*Wil. Post.*

One three cent stamp must accompany every order. All tickets will have the seal of the Company and signature of the Secretary.

☞ We refer to any Merchant, Banker or other gentleman of standing in the city of Raleigh. For further description and particulars, address
